

DJ WANK | Technical Rider

DJ Wank will be playing both vinyl & timecode vinyl or *alternative setup playing timecode cd*.

Hardware, which must be provided (*depending on which setup agreed upon*).

2 x Technics 1210 or 1200 turntables (*with working lights & good Ortofon concord needles*).

2 x Pioneer CDJs.

1 x High quality DJ mixer (*any mixer will do, as long as there is an eq, and volume control for the monitor sound*).

2 x High-powered stereo monitor speakers, volume controllable at the DJ mixer.

1 x Available power outlet (*connecting laptop power-supply*).

Provided hardware if possible, if not it will be provided by DJ Wank.

1 x Traktor 8 audio soundcard.

1 x USB Kontrol X1 (*MK1*).

Make room on the DJ table for (*widthxdepth*).

2 x Turntables (*2x 45x35cm*) or 2 x CDJs (*2x 32x42cm*)

1 x Mixer (*Pioneer 32x36cm*)

1 x USB Kontrol X1 (*12cmx32cm*)

1 x Laptop (*33x23cm*)

IMPORTANT

Make sure the turntables are in a stabile setup, so feedback won't occur from the PA system on the dance floor.

Access to the back of the DJ mixer, so necessary cables can be plugged in.

Room on the DJ table for laptop and controller.

If there are any questions, feel free to make contact and we will sort them out. Thanks.
